Re: Counterfeit ULFO Statements

January 01, 2012

Bogus statements bearing the logo of ULFO have been lately released to the general public. This is to advise our members and the general Oromo public that the body that formally represents the organization has neither authored nor released the statements.

Please be aware that statements issued by ULFO are primarily posted on its website. To ascertain the authenticity of any statement bearing the name of our organization, we suggest you visit ULFO's website.

With respect to counterfeit ULFO statements so far released, we ask our members and the general Oromo public to bear with us until we get back to you with full account of the circumstance that has led to such irresponsible action.

Unity is strength!

Oromiyaa Shall be free!!!
